STAR RATING OF COAL & LIGNITE MINES FOR THE YEAR 2019-20

BACKGROUND:

- ❑ In order to self evaluate the performance of Coal & Lignite Mines , Star rating policy is formulated and implementation of same policy for Coal & Lignite Mines was approved by GoI with effect from 01.04.2019.

STAR RATING POLICY

- ❑ As per star rating policy, it has been planned to implement a system of self evaluation and subsequent validation by Coal controller's organization of all coal mines under various factors covered broadly in seven modules as follows:
 1. Mining Operations Related Parameters
 2. Environment related parameters
 3. Adoption of Technologies: Best Mining Practices
 4. Economic performance
 5. Rehabilitation & Resettlement related parameters
 6. Worker related Compliance
 7. Safety & Security related parameter

Evaluation parameters in Open cast Mines and Underground Mines are specified in these seven modules in the prescribed templates for self evaluation for both UG mines and OC mines.

In case of mixed mines having both UG and OC operations, the final rating of mines will be calculated on weighted average of coal production target of OC and UG sections of the mixed mine.

SUBMISSION OF INFORMATION AND DEVELOPMENT OF WEB PORTAL

- ☐ A web portal is developed by NIC, MoC for Star Rating of Coal Mines.
- ☐ Each coal mines have to submit the data of evaluation parameters for self evaluation with supporting documents online in web portal in the evaluation template.
- ☐ The field offices of CCO will provide the final remarks for each evaluation parameter and will be recorded in the web portal.

METHODOLOGY FOR SELF EVALUATION

- ☐ Mines will be evaluated under three category i.e. UG mines, OC mines and Mixed mines.
- ☐ With reference to the evaluation template the points are scored
- ☐ The star rating will be done on the basis of percentage of scored points.
- ☐ The criterion for the same will be as follows.

Percentage of score	Star rating
91 TO 100%	5 Star
81 TO 90%	4 Star
71 TO 80%	3 Star
61 TO 70%	2 Star
41 TO 60%	1 Star
0 TO 40%	No star

All the coal mines have to submit their self evaluation before the prescribed deadline.
Non-submission will automatically lead to 'No Star' rating to the concerned mine.

METHODOLOGY FOR VALIDATION

- ❑ The CCO will be responsible for conducting the validation exercise after submission of self-evaluation.
- ❑ A system of peer review will be followed for the top scoring 10 mines each in case of UG and OC mines and 5 in case of mixed mines and 10 mines at random selected by CCO irrespective of marks in order to ensure validation of data.
- ❑ Any falsification of uploaded data if found will attract Zero star rating for the mine for which decision of CCO will be final.

Constitution of Validation Committees : CCO will constitute validation committees as follows:

- ✓ The field offices of CCO will be responsible for coordinating the validation exercise for coal mines under their jurisdiction.
- ✓ Each team will consist of 3 members including CCO representative.
- ✓ No member of the team shall be from the same mine whose mine is being validated.
- ✓ CCO will assign the mines that will be validated by each committee in the specified timeline.
- ✓ The star rating finalized after the validation exercise will be communicated to the coal mines through email, SMS & web portal.
- ✓ The evaluation template with remarks of validation committee will also be shared by email.

RECOGNITION AND AWARDS

- ❑ After completion of the validation process, the highest scoring mines in each category in the country will be presented an award in a public ceremony.
- ❑ All the mines will be given an official certificate by the CCO mentioning their star rating and the particular reporting year

Star rating Comparison with previous year 2018-19 vs 2019-20

- ❑ It is observed that 41 new Mines have participated in star rating performance
- ❑ 68 Mines has upgraded their performance as compared with previous year 2018-19
- ❑ 128 Mines have downgraded their performance as compared with previous year 2018-19
- ❑ 121 Mines have maintained their performance on par with previous year 2018-19

Further the evaluation of star rating for the year, 2020-21 and 2021-22 is under process

THANK YOU
